INTERNSHIPS

CopperCloud Iotech / Tech Innovation I completed my Summer Internship at CopperCloud IoT Pvt. Ltd., where I worked as a Computer Vision Intern. This internship provided me with hands-on experience in developing and testing real-time vision-based applications using Python and OpenCV. During the internship, I worked on multiple image-processing and object-detection projects, explored algorithms for motion tracking and feature extraction, and learned how to optimize code for accurate and efficient performance. Collaborating with industry professionals helped me understand the practical aspects of deploying computer vision solutions in embedded and automation environments.	01 Jun, 2025 - 31 July, 2025
